The Dos & Don'ts of Native Plant Gardening

Sponsored by the
Willington Conservation Commission

Saturday
April 19th

11AM Community Room

Jennifer Sterling-Folker is the Ashford Pollinator Pathway Coordinator. Our speaker draws upon her own trial-and-error experiences developing a pollinator-friendly, native plant garden over a 25-year period in Ashford, CT.

Jennifer will discuss basic mistakes to avoid & procedures to follow when growing native plants for pollinators & wildlife.

Information will also be provided on planting desirable native trees, shrubs and flowers that enhance pollinator habitat, along with other steps, such as removing invasives, avoiding pesticides, & reducing lawn size, to support pollinators whose habitats have rapidly declined.
